

# VIRTUAL NALOXONE TRAINING

**THURSDAY, MAY 27  
10:00 AM**

Naloxone will reverse an opioid overdose and help save a life. Attendees will learn the proper administration of this life saving drug.

**NALOXONE HCl**  
**NASAL SPRAY 4 mg**

OPEN HERE FOR QUICK START GUIDE

There are other options for Naloxone or Narcan. Many pharmacies have coupons for discounts on purchases. Kits may still cost around \$145. You can check with your doctor about getting a prescription and expect to pay much less for a co-pay. Some pharmacies will provide a prescription for you. It's best to call your local pharmacy for the option that works best for you.

## Training is free

Training will be held on Zoom.

## Free Naloxone Kits

Kits will be mailed or pick up will be arranged.

## Contact
